

## Popular Topics of the Day.

This filibustering business is growing monotonous; the people who are engaged in manufacturing rumors should switch off and do something else, or the government will lose confidence in them. Such reports do the country no good and we fail to see where the rumor makers are benefited—Hawaii does not seem to mind it much for things are as quiet and peaceful here as in a well conducted grave-yard.

We believe we have quite the best stock of leather in Honolulu and it comprises besides sole leather the celebrated Spitts light and heavy harness leather, and leather for saddles. The best of russett and red calf skins. Leather for carriage makers, colored lining skins and soft dash leather. All kinds of leather is higher today than it was two months ago; in some instances it has advanced as much as ten per cent, but as we were well stocked before the rise we can sell at the same old price and perhaps a little lower. We have a very complete stock of Shoe and Harness findings and tools for all kinds of leather work—the price of which is entirely satisfactory to all of our customers.

We have the goods and the prices will suit you.
